“Fat Tires on the Farm”

April 15-16, 2023

Season #3 Kansas NICA Race # 2

Welcome Palen Farm, AGAIN!!!

Located near Glen Elder Kansas, this 4th generation family farm, with over 100 years of history, has also been the home of Cruise the Blues, mountain bike race and festival for the past 20+ years. Kids will be cheered on by spectators as they whip through this beautiful course on the Blue Hills of Kansas!

North Central Kansas offers us beautiful open scenery to accompany the even more beautiful people hosting race #2 for Kansas Kids. We'll see you all down on the farm April 15-16!

Off Area-Limits, defined as any area not directly constructed within the course route or event infield as outlined by the course map below will be off-limits during sanctioned NICA hours as posted by the event activities schedule.

We are very privileged to have our event on this beautiful piece of private land. Palen Farms is a working farm, and therefore has a lot of equipment housed around the PitZone, Start Finish, and many outbuildings that are not designated for use during our event. Please be respectful and stay off all equipment, and out of buildings/houses that are not part of our event. Thank you.

Volunteering at our Events

Race day would not be possible without the incredible work of our volunteers. It takes a “village” to put on quality youth mountain bike races. Many parents and cycling enthusiasts find that getting involved with our events is a fun and rewarding experience.

Saturday and Sunday positions are available

We know some positions can look complex and possibly overwhelming for first-time volunteers. Rest assured ALL of our volunteer positions are fun and require no previous experience and our Core Race Staff are with you every step of the way. You will feel confident and well prepared for your task.

Cancellation/Weather Policy

Kansas League Weather and Refund Policy

The Kansas League strives to put on world class events and provide all of our constituents with the best resources possible. To achieve the best resources, we make a financial investment to cover insurance, training, and planning activities. Those expenses are continuously incurred and are only partially covered by the participation fees into the league. In order to maintain the sustainability of the Kansas Interscholastic Cycling League, it is necessary we implement a NO-REFUND policy.

We greatly appreciate you being a part of our family and look forward to seeing you at the next event.

Weather Policy

Below are the guidelines for how the Kansas League will conduct races in the event of challenging weather. Our primary considerations are the safety of racers, race support staff, race visitors, and potential damage to the race venue (trails and infield). Any decisions regarding canceling, postponing, or altering race start times, lap length, number of laps, etc. will be made jointly by the Kansas League Director, Chief Course Marshal, and land manager. Often this decision cannot be made until the day of the race due to the unpredictable and emergent nature of wet or stormy weather. That said, we will do our best to make the call to cancel, change venue or reschedule a race by noon the Thursday immediately preceding race weekend.

The Kansas League will make every attempt to notify the racing population via email (addresses taken from rider, parent, and coach emails entered when registering in the Pit Zone online registration system), Facebook, and website updates as early as possible.

Kansas League Weather Guidelines

- Races are held on their scheduled dates unless the race course on the day of the race is deemed un-rideable and dangerous.
- The League will have the option to delay the start of a race from the published times if the weather has created dangerous conditions.
- Courses and/or lap lengths may be altered or shortened because of weather conditions. Last minute changes will be broadcast to racers at the start of each wave via the race announcer. If conditions require a change in number of laps during a race, a person will be stationed at the lap line advising riders of the change.
- The League will develop wet-weather course alterations in case of extremely wet conditions that threaten the trails used for the race.
- All racing will stop immediately in the presence of lightning as signified by the chief referee or race director. Racing may continue once the league director, chief referee, and the head timer have conferred.
- Re-starting a race that has been stopped due to lightning;
 - depending on schedule and number of laps completed, the race may be declared over
 - if time permits, racers will be able to resume laps beginning from the lap line
- Communication of delays, changes in start time, courses, and so on will be made by the League as follows:
 - on the league web site (prior to the race day, if possible).
 - on the public address system for Kansas Coaches and Team Directors

-via forms of social media.

- League will not refund pre-registration fees due to inclement weather.
- League does not allow registration transfers to subsequent races due to inclement weather.

Note: Weather Policy is standard NICA League policy.

Handbook: Policies and Rules

All participants are required to read, understand and abide by all league policies, rules and protocols while attending any league event.
